

Come Together To Discuss FGM...

Midaye Somali Development Network is pleased to announce the FGM Community Forum for the benefit of all those affected by FGM and for the protection of all the girls at risk.

The Forum provides a grass-roots approach to voicing against the practice.

“Female Genital Mutilation (FGM) is all procedures that involve partial or total removal of the external female genitalia or other injury to the female genital organs for non-medical reasons”

World Health Organisation

“This is a forum for all FGM affected Communities”

The **FGM Community Forum** aims to:

- Create a platform to discuss the issue;
- Bring together people affected by FGM;
- Develop voice and unity against FGM within community;
- Share information and knowledge concerning FGM;
- Discuss the impact of FGM from individual and community levels;
- Give communities and individuals the opportunity to voice.

Date: 5th June 2014
